- f. We lease approximately 4200 square feet of warehouse space from Boyer. We utilize the space for shipping and receiving, and storage. Storage consists primarily of business records. Shipping and receiving is for parts and supplies for seafood processing operations and includes such items as fishing gear, processing supplies, mess hall supplies, welding gases, packaging, and equipment. We use the warehouse as a consolidating point to load shipping containers for shipment to the facility in Alaska.
- g. There is no manufacturing or equipment maintenance at the site. All waste associated with the warehouse is generated from shipping and receiving operations, including paper, plastic wrapping and pallet boards.
